If applicable the external provider shall provide an inspection certificate that may include dimensional results, and/or test results, process certification, and material certifications with each shipment of parts, for Discovery Precision Inc. to verify applicable drawings and specifications.

Q004 Control & Retention of Records:

Materials or services rendered in this procurement must meet applicable drawings and specifications. Any associated documents related to the purchase order, for example: Manufacturing Plans and Techniques; are to be retained and on file to support this. Records are subject to review by Discovery Precision's Inc.'s customer examination upon request. Retention of records shall be no less than 25 years.

Q005 Source Inspection:

Discovery Precision Inc. source inspection required at seller's facility prior to shipment. External provider shall notify Discovery Precision Inc. at least 48 hours in advance of the time that part(s) will be ready for source verification.

Q006 Right to Access:

Discovery Precision Inc. it's customer and/or government representatives reserve the right to inspect any or all materials included in this procurement at the external provider facility. External provider shall ensure the right of access to the Discovery, discovery's customer, and regulatory authorities to the applicable areas of facilities and to applicable documented information, at any level of the supply chain.

**PURCHASE ORDER QUALITY CLAUSES****Q007 Packaging:**

The External provider must ensure that packaging of items on this procurement is enough to prevent physical or corrosive damage during transportation and storage.

Q008 Final Acceptance:

All parts and materials supplied under this procurement are subject to final acceptance by Discovery Precision Inc. receiving inspection upon receipt.

Q009 FAI:

First Article Inspection Report required with this shipment.

Q010 Nonconforming Product:

Any nonconforming products detected during the application of this contract must be reported to Discovery Precision Inc. Quality Assurance as soon as possible and the material should be holding before getting a written authorization of Discovery Precision Inc. A written request for corrective action will be issued to External provider s when the root cause of the non-conformity is the responsibility of the external provider.

Any Non-conforming products identified after delivery to Discovery Precision Machining Inc. shall be disclosed to Discovery Precision Machining Inc within 24 hours of identification.

Q011 Engineering Change:

External provider shall not make any changes in product design, material or processing without prior approval in writing by Discovery Precision Inc.

Q012 Guarantee of Product Source (s)

The external provider shall ensure that only new and authentic materials are used in products delivered to Discovery Precision. Counterfeit Parts are strictly prohibited. The external provider may only purchase parts directly from Original Component Manufacturers (OCM's), OCM authorized (franchised) distributors, or authorized aftermarket manufacturers. Use of product that was not provided by these sources is not authorized unless first approved in writing by Discovery Precision. The external provider must present compelling support for its request (e.g. OCM documentation that authenticated supply chain traceability of the parts to the OCM) and include in its request all action to ensure the parts thus procured are authentic/conforming parts.

Q013 Counterfeit Parts

External provider shall plan, implement and control processes for the prevention of counterfeit and suspect counterfeit part use and their inclusion in products delivered to Discovery precision machining Inc.

Q014 Foreign objects

External provider shall plan, implement and control processes for the prevention, detection, and removal of foreign objects from the products during storage, processing packaging and delivery to Discovery Precision Machining Inc.

Q015 Changes to Processes

External provider shall notify he Discovery precision of any changes to processes, products, or services, including changes of their external providers or location of manufacture, and obtain the organization's approval

Q016 Test Specimens

External provider shall provide test specimens for inspection/verification, investigation, or auditing, if so required.

Q017 Employee Knowledge

All external providers must ensure that their employees are aware of

- their contribution to product or service conformity;
- their contribution to product safety;
- the importance of ethical behavior.

Q018 Ethical Code of Conduct

Treatment. Discovery promote transparent relationships with External providers; therefore, **Discovery** ensure equality of opportunity, respect, and integrity.

PURCHASE ORDER QUALITY CLAUSES

Selection and Development. Any negotiation with **Discovery's** External providers must be integrated taking as points to evaluate: the quality of their products, value added, and service, awareness, without generating false expectations of possible negotiations.

Discovery establishes a fair evaluation system for our External providers, thus achieving lasting, equitable and fair-trade relations. **Discovery** promotes the respect of the intellectual and industrial property of our External providers, hoping to have the same correspondence with our confidential information.

Antibribery & Anticorruption. **Discovery** are committed to carrying out all our activities in an integral and transparent manner, therefore, **Discovery** does not consent to any act of corruption or bribery in any of our activities, either inside or outside Discovery Precision Machining Inc. **Discovery** does not receive any type of compensation (money, gifts, travel, discounts) only those products that are promotional that have a symbolic value, therefore, **Discovery** ask our External providers to cooperate with our anti bribery policy, in case of having a bribe situation take appropriate action.
